Kia ora e te whanau

I thoroughly enjoyed the opening night of our college production "High School Spoof-ical." It is a clever parody of Disney High School movies, which will leave you laughing regularly throughout the show. As well as lots of humour, it also contains a vibrant mix of singing and dancing. It is on again tonight and Saturday and I totally recommend you catch the show. It is very entertaining. My congratulations to the cast and support crew who have teamed up to produce such a witty and engaging performance.

We were proud of the outstanding results Taieri College students achieved in the recent Otago Science Fair. Taieri College students received 18 individual awards, which is a fantastic result. I appreciate the amount of effort that went into the projects and congratulate everyone who entered. I would also like to acknowledge the contribution our Science teachers made in guiding their students.

This weekend we welcome students and staff from Qibao No. 2 Middle School in Shanghai. The group are staying with us for nine days and will join in with several classroom activities, whilst at the same time exploring the greater Taieri surrounds. In October, a group of Taieri College students will be reciprocating by travelling to Shanghai and reinforcing the excellent rapport that has been fostered between our two schools.

We are conducting our Parent-Teacher interviews next Tuesday and Wednesday. It is an excellent opportunity to get a face-to-face account of how students are performing in the classroom. I invite all parents and caregivers to take up this opportunity by booking a time with teachers.

Senior Assessment Week

This term Senior Assessment Week will occur during in Week 6, 26-30 August. Seniors will be on study leave during this week as they undertake their 'practice' NCEA examinations. These examinations, which will be of a similar standard to the actual examinations, will give students an excellent guide as to how well placed they are to sit the real exams in November. These exams are also very important as they are used to determine derived grades should students not be able to sit their NCEA exams in November.

There are always a small number of senior students who for various valid reasons e.g. sickness will not be able to sit the November exams. For these students their examination during Senior Assessment Week will act as their derived grade for NCEA. As no one can predict who will need a derived grade these 'practice' exam results will be vital for all. Now is an ideal time to have a conversation with your child about Senior Assessment Week. Encouraging your child to make a revision timetable now to help them assign dedicated study slots into their busy lives will help prepare them well for their senior exams. The next three weeks will pass by very quickly.

The vast majority of the more practical subjects will also have sessions where students will be required to sit internal assessments, or to work on their long term internal achievement standard projects. The Senior Assessment Week timetable is currently being prepared and will be available to students in a couple of weeks. Senior students will have time off to study but attendance at all timetabled examination and practical sessions are compulsory.

Young Writers' Awards

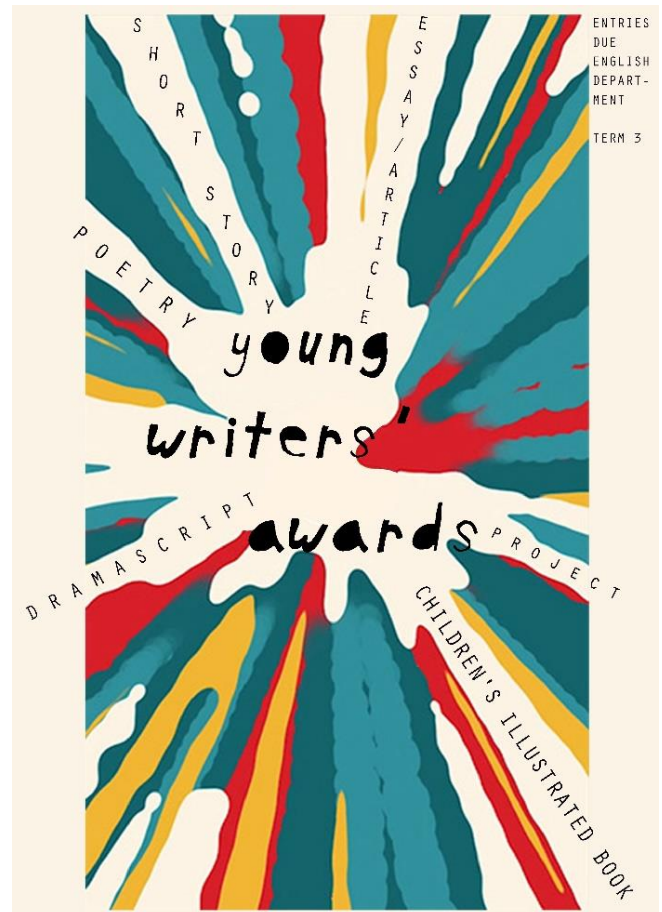

This week's featured categories include Essay/Article and Children's Illustrated Books.

ESSAY/ARTICLE

This section is completed individually. An essay is a presentation of your ideas and opinions about a subject such as Road Safety, Uniform, Conservation etc. You could be aiming to persuade the reader to act/behave/think in a different way. An article is a presentation of information and ideas about a subject such as Taieri history, animals, your family, your job, an historic event etc. Your article may relate to some study you have done. It does not have to come solely from a classroom activity. Submitted work should have a catchy title and be formatted in paragraphs.

CHILDREN'S ILLUSTRATED BOOK

This may be a combined effort of up to two people (e.g. a text writer and an illustrator). The book must be at least six pages long, but the page size is not restricted. It should be suitable for pre-school children to read or to have read to them. (i.e. the text and pictures may be quite simple).

We wish to acknowledge and express our gratitude to the team at Mosgiel New World for donating a weekly box of fruit and food items to provide for our students. This supports their learning immensely and increases their overall engagement at school. It takes a village to raise a child, and this is exactly how we do it in Mosgiel. Big THANKS to Mosgiel New World!
