## Tēnā Koutou Katoa

Issue 5  
1 March  
2019

Kia ora

I enjoyed the positive atmosphere of our annual college athletics day on Tuesday. Our elite athletes performed with distinction with records once again being toppled. As well as athletes who were attempting to break records and prepare for the upcoming Otago Secondary Schools' Championships, we also had a large number of students, simply trying their best. Congratulations to everyone who made the day so successful, in particular our Sports Department for the huge amount of organisational work that was put in before the event.

With our upcoming parent/teacher interviews on 11/12 March 2019, I recommend to all parents and caregivers to book early. Many teachers may have made e-mail contact with you to introduce themselves and you would have also received a couple of Learning Readiness reports. Whilst there hasn't been a lot of formal assessment completed, it is an ideal opportunity to personally meet your child's teacher and get an idea about how they have begun their school year. Please read the details in this newsletter about making a booking.

I am currently accompanying the Year 11 Agriculture students on their field trip through Mid and South Canterbury. They have been given an excellent experience by exploring and learning about a variety of different agriculture businesses. For several of them it will provide valuable experience that may prompt them into taking a specific vocational path. My thanks to Agriculture Department for cultivating an excellent trip.

Nga mihi

## HPV Vaccination Programme – Year 8 Students

The Human Papillomavirus (HPV) vaccination programme will be offered to all Year 8 students at school this year. During early-mid February, the Public Health Nurses associated with each school will be doing education around the vaccinations to the Year 8 students. They will be given a consent form to take home to their parents/caregivers. If you do not wish for your child to partake in the education please contact the school. **Please read the consent form carefully, fill it out in pen and return it to school ASAP, even if you do not consent for your child to be vaccinated at school.**

No student will be vaccinated without their parent/caregiver's consent.

The HPV vaccination is also available free of charge through your practice nurse or doctor up to their 26<sup>th</sup> birthday. Delaying the vaccine may mean your child needs more injections to be protected, as people aged 15 years and older need three injections.

For any further information please phone the Public Health Nurse for your school, or look up [www.health.govt.nz/hpv](http://www.health.govt.nz/hpv)

If you have any questions please don't hesitate to ask.

Thank you for your help.

## Careers Focus

### Road Transport Industry

No single industry impacts more on the economic success of New Zealand than road transport. As a country that relies heavily on primary industry, road transport plays a vital role in getting products to market and servicing rural locations.

Every item you find on the supermarket shelf gets there via road transport. Road transport offers career opportunities across a wide range of activities from international freight through to door to door delivery. It's not just about truck drivers. It includes all facets of the industry from diesel mechanics to administration staff.

For the truck driver it can be a different road every day seeing many parts of New Zealand that others don't get to see.

If you are interested in a career in the Road Transport Industry, contact one of the many companies around Dunedin to find out about an internship. This could start a lifelong career in the road transport industry.

## Taieri College Netball Support Group

Netball at Taieri College has always been strong in terms of performance of our elite teams and participation numbers. To future proof this level of performance and involvement it is important that the knowledge and experience, and workload behind the scenes is shared.

"Taieri College Sport" would like to form a group of interested parents/coaches/managers, in conjunction with representatives from the school, to help with netball at Taieri College.

It is envisaged that this group will comprise 6-8 members representing interests in a range of age levels of netball from Years 7-13. They would delegate, coordinate and facilitate some aspects of netball at the school as needs arise [possibly including; support for coaches/managers, fundraising, and assistance at Saturday competitions.]

Enthusiasm is a pre-requisite but experience is not. We currently have an enormously dedicated and competent teacher in charge of netball who will participate in the support group, however, the set up of this group will help relieve the pressure of this diverse role on this person.

If you would like to apply or just find out more please e-mail the sports office at [fsmeaton@taieri.school.nz](mailto:fsmeaton@taieri.school.nz)

Regards

Jared Peacock
