

GUIDELINE FOR COSTS AND CONTRIBUTIONS YEAR 9 STUDENTS 2023

Subject Contributions

These costs cover subjects in which materials are supplied to students and this enhances the programme in practical subjects. As a guideline the annual costs for 2022 were:

• Food Technology	\$45.00
• Hard Materials Technology	\$25.00
• Textiles Technology	\$45.00
• Marae visit	\$20.00
• Scipad	\$20.00

Other Costs

Your student may require:

• Papercut top-up printing cards for printing to college printers	\$5.00
• Student ID card	\$5.00
• Tairi College annual magazine (issued in Term Four)	\$20.00
• Day trip to Berwick in Term One	\$30.00

Sports Fees

These fees cover the cost of sport affiliation fees for national and local bodies. Tairi College is an agent for these organisations and must pass on this contribution. Sports fees must be paid before a student starts to play.

Parental Contribution

This is a voluntary donation of \$100 we ask families to pay (\$100 eldest child, \$60 for each sibling). This voluntary donation assists with the delivery of the curriculum and opportunities provided to students.

Method of Payment

In Term 1 an invoice/statement outlining current contributions is issued to parents/caregivers. Follow up accounts are issued twice per term showing any balance not paid plus any additional contributions and costs charged. Prompt payment is requested. Alternatively regular automatic payments can be made to our Westpac account number 03-1725-0106800-00 quoting the student's name and particulars as the reference. We ask for these instalments to be of sufficient amount to have all charges paid in full by the end of the college year.

Financial assistance is available in some cases where caregivers experience difficulty in meeting costs. Please contact our Assistant Principal Mr Peacock at jpeacock@taieri.school.nz or telephone 489-3823.
